2011 RESIDENTIAL PROGRAM

Rockford - Effective August 10th, 2011

Residential Resurfacing Program

Construction on the City Wide Residential Resurfacing program will continue during the week of August 15th and proceed through the end of the summer. Repairs include but are not limited to blacktop patching, small curb repairs, sidewalk installation and drainage repairs. Residents at each location will be notified via USPS delivered letters. Construction is anticipated to take approximately 5 to 6 weeks at each location.

The following streets are anticipated to have construction activity during the week of August 15th:

| Haddon Place | Fawnridge Drive | Weymouth Drive |
| Flower Hill Road | Lark Rise | Hedgecliff Drive |

City Wide Alley Reconstruction Program

During the week of August 15th, various alleys throughout the city will be under continued construction.

Reconstructed alleys will be rebuilt with new concrete pavement, aprons, and improved drainage where possible. Construction on each individual alley is anticipated to take approximately two weeks to complete. Residents will be notified when construction begins to remove their cars from the alley so concrete can be placed. There will be a 7 to 14 day period when residents cannot drive on the alley while the concrete cures. Construction will be completed by Mid-Summer.

City Wide Arterial Resurfacing Program

During the week of August 15th, various arterial streets throughout the city will be under continued construction.

Construction areas are as follows:

| Street Name | From | To |
|--------------------|-------------------|-----------------------|
| Garrett Lane | Mulford Road | Trainer Road |
| Avon Street | Mulberry Street | School Street |
| Rote Road | Lyford Road | Bell School Road |
| Lyford Road | State Street | Rote Road |
| Fulton Avenue | Cumberland Avenue | Main Street |
| Rural Street | Prospect Avenue | Calvin Park Boulevard |
| Custer Avenue | Ridge Avenue | Huffman Boulevard |

The above streets are generally anticipated to remain open to traffic throughout the construction process; however road closures may take place pending construction activity. Motorists are encouraged to find alternate routes to ease congestion.

Questions regarding the above projects should be directed to Colin Simpson in the Public Works Department at (815) 987-5570.
